Richard J. Goldfarb, Editor

Year: 2008

Retail Price: \$75.00 Member Price: \$60.00

Contents:

Introduction by R.J. Goldfarb

Sections:

Classification and Overviews of Uranium Deposits

Uranium and Earth History

Sandstone-type Uranium Deposits (Western USA)

Other Sandstone-type Uranium Deposits

Uranium in Breccia Pipes (Arizona)

Geochemistry and Uranium in Sedimentary Rock Environments in General

Magmatic and/or Vein Uranium

Uranium in Iron Oxide-Copper-Gold Deposits
Unconformity-Related Uranium
Paleoplacer Uranium
Metamorphism and Uranium
Uranium Mineralogy
Uranium in Supergene Environments
Environmental Geochemistry of Uranium
Uranium Lithochemistry (includes black shales, coal, bauxite)
Uranium Exploration
Uranium Aqueous Geochemistry
Uranium and Phosphorites
